

PSA AND SPSF (SA BRANCH) MARCH 2010 COUNCIL MEETINGS

The PSA and SPSF (SA Branch) Councils met on Monday 22 March.

The major item discussed was:

PSA PUBLIC SECTOR CAMPAIGN

The General Secretary reported on the State Election and the implications of the outcome for PSA members and the community generally.

The impact of the PSA campaign for "services, not cuts" during the election was recognised and discussed.

While the election had not been declared, it was clear that the community message was a "vote for services, not cuts".

Council then authorised ongoing campaign activity should the Government propose to cut jobs and/or services and the General Secretary was authorised to spend \$50,000 for this purpose initially.
