

SIGN THE PSA PETITION AGAINST INDIVIDUAL CONTRACTS

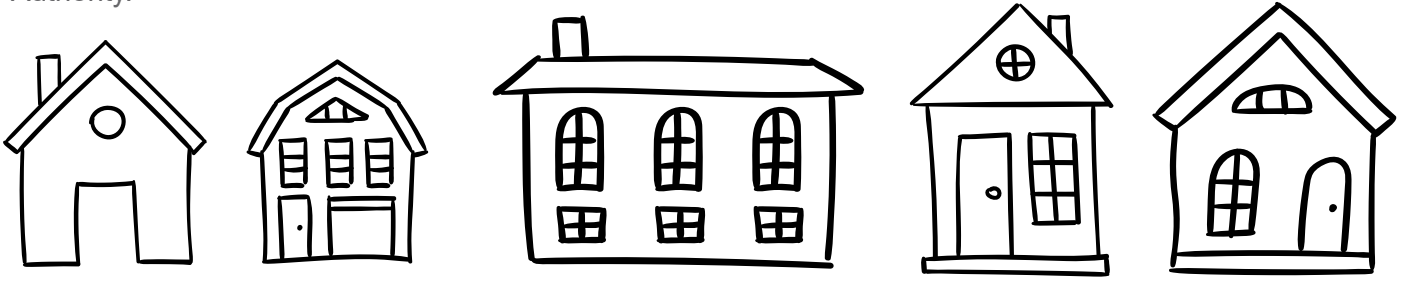

SA Housing Authority staff call on the SA Government to reverse their decision to issue contracts which exclude our legitimately negotiated Enterprise Agreement, Award, and Public Sector Act.

We further require the withdrawal of any individual common law contracts which exclude coverage of our Award and Enterprise Agreement which have been signed by new or existing staff of the Authority.

Establishing two tiers of employment conditions is fundamentally unfair and is a violation of our right to collectively bargain.

Staff in the SA Housing Authority also continue to be concerned about the unreasonably high level of the use of contract employment. We seek a review of the appropriateness of the use of contract employment across the Authority.
