Dear Mr Kitchin

Environment Protection Authority (EPA) All Staff Meeting

A meeting of all EPA staff was held on 10 December 2015, with a presentation delivered by the Chief Executive, outlining the future challenges and opportunities for the organisation.

The presentation was also delivered to the Board at its meeting on 8 December 2015. The presentation looked at EPA successes in 2015, current pressures and challenges, and the regulatory reform agenda for 2016. Staff were reminded on the State Government's commitment to locate public service personnel at Port Adelaide and the EPA's commitment to relocating up to 50 staff, as well as discussing accommodation needs for remaining staff.

Staff have been invited to participate in working parties on various topics, with recommendations expected by April 2016.

There may be a possibility that organisational changes will not only result in relocation of some staff, but also changes of roles. It is not envisaged that there will be any redundancies at this stage, however, consultation has begun in order to seek staff feedback and work in a transparent and collaborative manner to adequately prepare staff for the impact of any changes.

Yours sincerely,

TONY CIRELLI
CHIEF EXECUTIVE
ENVIRONMENT PROTECTION AUTHORITY
